VALUES

Human being

We believe that the most precious treasure in life is the human being. With them life begins, flourishes and vanishes.

Excellence and ingenuity

Everyone makes mistakes. However, we never do the same mistake twice. We do new mistakes and learn new lessons.

Respect

It is the primary concept when it comes to person-person and entity-entity communication.

Transparency and integrity

We make every effort to make things clear. Only this way we can achieve the best results.

Commitment and persistence

We have to fulfill promises towards our society, partners and ourselves.

Teamwork and cooperation

“One hand cannot clap” is our idiom.

YOUR VISION. OUR EXPERTISE.

www.alomenterprise.com

M/S Alam Enterprise

INTERNAL POLICY

RESPECT

Respect to all:

It is our main policy. All employees have their right to be what they like, to do what they want and to believe in what they believe as far as it doesn't affect the business quality measures or other employees or disturb the generally recognized public morals.

Everyone is important:

We never underestimate people. All employees can contribute in the success of the organization. One way or another.

YOUR VISION. OUR EXPERTISE.

www.alomenterprise.com

M/S Alam Enterprise

EXTERNAL POLICY

Our Customers:

We strive to meet our customer's needs as they are very important for us to be achieved and completed

Our Partners:

We build long term business relationships based on win-win principle.

Our Society:

We are committed towards providing our society with top class products and services to contribute positively in making quality of life higher.

Our Country:

We are part of our country, And we are glad to help in building it up.

RAISING STANDARDS.
BUILDING FUTURES.

02/07/2026 09:09

M/S Alam Enterprise

HEALTH AND SAFETY POLICY

Statement of general policy:

This is Our statement of general policy and arrangements:

The company is committed to:

- *Provide a safe place of work*
- *Provide safe systems of work*
- *Provide training, instruction and supervision*
- *Provide and maintain safe plant and equipment*
- *Assess the risks to anyone who might be affected by carrying out work activities*
- *Ensure materials and substances are safely stored, handled and transported*
- *Work to prevent accidents*

Responsibilities:

We have overall and final responsibility for health and safety.

We have a daily responsibility to ensure this policy is implemented:

Supervisors and managers must provide adequate supervision to ensure the safe systems of work are being followed.

Employees have a responsibility to take care of the health and safety of themselves and those around them, to follow safe systems of work and report any concerns to supervisors and managers.

M/S Alam Enterprise

HEALTH AND SAFETY POLICY

Arrangements: Training:

All staff will be given a health and safety induction and provided with appropriate training, including manual handling, asbestos awareness and working at height. Supervisors and managers are responsible for identifying training needs. We are responsible for keeping a record of all training

Carrying out risk assessments:

A written risk assessment will be carried out by the supervisor for all work activity, prior to it starting. Hazards will be identified and control measures implemented to eliminate risk, or reduce to an acceptable level and the risk assessments will be provided to operatives.

- *Adequate first aid provisions will be available at all sites. All first aid incidents will be recorded.*
- *Management will ensure there are adequate welfare facilities on all sites.*
- *All employees will report accidents to their supervisor or manager. He will responsible for investigating accidents to prevent recurrence and ensure safe work practices are being carried out*
- *All accidents will be recorded in the accident book which is kept by manager and is located main office.*

Escape routes will be well signed and kept clear at all times. Evacuation plans will be tested periodically and updated as necessary.

M/S Alam Enterprise

ENVIRONMENT

We are committed to continuously make efforts to improve our environmental impact throughout its operations. Accordingly, Our's Enviromental Policy is to:

- Comply with all applicable environmental laws and regulations and apply responsible standards where laws and regulations do not exist;*
- Encourage concern and respect for the environment, emphasize every employee's responsibility in environmental performance, and ensure appropriate operating practices and training.*
- Work with government and industry groups to foster timely development of effective environmental laws and regulations based on sound science and considering risks, costs, and benefits, including effects on energy and product supply.*
- Manage its business with the goal of preventing incidents and controlling emissions and wastes to below harmful levels; design, operate, and maintain facilities to this end.*
- Respond quickly and effectively to incidents resulting from its operations, cooperating with the industry's regulators and authorized government agencies.*
- Conduct and support research to improve understanding of the impact of its business on the environment, to improve methods of environmental protection, and to enhance its capability to make operations and products compatible with the environment.*

M/S Alam Enterprise

ENVIRONMENT

Design and maintain facilities, establish management systems, provide training and conduct operations in a manner that safeguards people and property:

- *Respond quickly, effectively, and with care to emergencies or accidents resulting from its operations, cooperating with industry organizations and authorized government agencies.*
- *Comply with all applicable laws and regulations, and apply responsible standards where laws and regulations do not exist.*
- *Work with government agencies and others to develop responsible laws, regulations, and standards based on sound science and consideration of risk.*
- *Conduct and support research to extend knowledge about the safety effects of its operations, promptly applying significant findings and, as appropriate, sharing them with employees, contractors, government agencies, and others who might be affected.*
- *Stress to all employees, contractors, and others working on its behalf their responsibility and accountability for safe performance on the job and encourage safe behavior off the job.*
- *Undertake appropriate reviews and evaluations of its operations to measure progress and to ensure compliance with this policy.*
